Dear Sir,

We are pleased to introduce ourselves as a leading Government approved, Class "A" Registered, Electrical Contracting Company and CPRI APPROVED HT/LT Panel Manufacturer situated in Pune undertaking Turn-Key Electrical Project in and around Pune.

We are electrically specialized with spectrum landmark and principally engaged in executing and providing Electrical Engineering Services for Power, Process, and Industrial and Commercial projects for both High Tension and Low Tension system. Since inception to date we have supplied & installed more than 500 transformers and more than 400 metering kiosks. We have also carried out H.T. substation work up to 66 KV systems. We are continuously engaged with Express Feeder & now we have recently completed more expressible 33 KV Outdoor type switching station project in Chakan, Pune.

We are also provide services for Internal and External Electrification, Power, Control & Instrumentation Panels, Instrumentation work, Access control system, Fire Alarm System, CCTV Public Address system, Generator Registration work and Annual maintenance contract for Industrial & Commercial Complexes along with MSEDCL Liasoning. We are also manufacturing HT/LT panels as per customer's requirements.

We request you to kindly register us with your reputed Organization as an approved Electrical Contractor and Panel Manufacturers to prove our best Quality and Services.

We look forward to receive your valued enquiry so as to enable us to submit our most competitive quote for your kind consideration.

We have enclosed herewith Our Company Profile in all aspects including all Statutory details, Our various types of projects completed by us.

Thanking you and assuring you of our best Electrical Services at all times, We remain.

Yours Faithfully,
For A-One Electromech Pvt. Ltd.

A.A.Attar
Managing Director

About Us

A-One Group of Companies was born in the year 2004,

Ever since its inception,

A-One has undertaken and successfully mastered the technology behind a wide spectrum of electrical specialty projects like Hotels, Hospitals, Industries, Luxury apartments and subsequently have satisfied the need of Software Companies for mammoth Electrical Infrastructural work & also have lived up to their taste of high-profile office interiors. We are as comfortable implementing high tech works as we are with cabling and wiring for low cost housing projects. Versatility and breadth of expertise coupled with intelligent tendering, have resulted in A-One being awarded some of the most sought after contracts.

At A-One, we love challenges:

If something has not been done before,
We would love to be the first to do it.
If something has been done before,
We would like to do it better.
At the end of the day,
However, it is our work that speaks – for us and for itself.

In the years since our inception, a lot has changed, as it was bound to.

We also have changed; we have grown in size and stature.

We have mastered new technologies, added a number of new clients to our list.

Yet we feel there is so much that, still remains the same.

Like our work ethics. It is what has ensured that clients who works with us once choose to work with us again.... and again.

The reasons for this are many:

Emphasis on excellence.
Mastery over new technologies.
Unwavering dedication to deadlines.
Insistence on working with top-grade materials only.
Qualified and committed team of engineers.
High quality workmanship.
Exceptional team spirit.

Excellent reputation – in 10 years of operation, no client of our's has anywork quality related complaint against us.
